ZIMMERMAN AND FOUR OTHER GERMANS QUIT POSITIONS OF STATE

VonKuehlmann Is Named to Succeed Zimmerman as Secretary of Foreign Affairs.

(Associated Press Cable)
BERLIN, AUGUST 6.—OFFICIAL ANNOUNCEMENT WAS MADE TODAY THAT FIVE MINISTERS OF STATE, INCLUDING DR. ZIMMERMAN, MINISTER OF FINANCE, LENTZ, AND INTERIOR MINISTER BOEBELL, HAVE RESIGNED THEIR PORTFOLIO.

DR. RICHARD VON KUEHLMANN, THE GERMAN AMBASSADOR TO TURKEY, HAS BEEN NAMED TO SUCCEED DR. ZIMMERMAN AS SECRETARY OF FOREIGN AFFAIRS.

ALL OHIO N. G. NOW PART OF FEDERAL ARMY

Guard Organizations Will be Numbered From 100 Up and the Draft Army From 300 Up.

(Associated Press Dispatch)
Columbus, O., August 6.—But three units of the Ohio National Guard remain to be drafted today, but they will be in federal service by nightfall according to mustering officer Penn.

Mustering work ceased with the drafting at midnight Saturday and the remaining units will be drafted instead of mustered.

They are the outpost company of the Signal Corps, Toledo; Supply Company of the First Field Artillery, Bellefontaine, and the division staff members named Saturday.

Officers expect the Ohio army to be thirty-seventh Division, but the number of regiments is not known. Under federal service they lose all identity so far as Ohio is concerned and will become 121st Regiment U. S. Army numbers as may be given by the War Department.

BIG TAX BILL IS INCREASED

(Associated Press Dispatch)
Washington, August 6.—The war tax bill as finally revised to meet a later estimate was favorably reported today and purposes to raise \$2,000,000,000 by taxation.

The House bill proposed \$1,867,000,000 in new taxes. No provision for additional bonds for consideration later are made the Senate bill.
Chairman Simmons plans to call up the revised bill for debate the latter part of the week and hopes for final enactment by Congress early next month.
Most of the new taxes proposed for war expenses for the present fiscal year would come from incomes, war excess profits, liquor and tobacco taxes.
The revised Senate bill strikes out the retroactive tax upon last year's incomes and increases surtaxes on wealthy persons and doubles the normal tax on corporations.

CHINESE WILL DECLARE WAR ON TEUTONS

Formal Declaration Is Approved and Will be Issued Next Week When China Formally Enters War.

(Associated Press Cable)
Peking, China, August 6.—Acting President Seng-Kwo-Chang today approved the unanimous decision reached at a special meeting of the Chinese cabinet to declare war on Germany and Austria-Hungary.

The ministers of the Entente powers probably will meet at the Chinese foreign office Saturday to discuss China's declaration of war which is expected to be issued next week.

Prominent Germans in Peking are conferring with the Dutch ministers to China with the object of making arrangements to go to Java. The Spanish minister probably will take over interests of the Central powers.

JONES LAND ANOTHER JOB

(Associated Press Dispatch)
Washington, August 6.—Thomas D. Jones, Chicago business man and capitalist, whose nomination to the Federal Reserve Board was rejected by the Senate after a memorable fight, was today appointed a member of the Export Administrative Board, succeeding Edward N. Hurley, who became chairman of the Shipping Board.

16 OUT OF 17 PASS IN CLINTON

(Associated Press Dispatch)
Wilmington, August 6.—Out of the first 17 men examined in the selective draft here today, sixteen were passed as physically fit.

BOARDS BEGIN EXAMINATIONS OF MEN

EXAMINING MEN FOR EXEMPTION FROM DRAFT

Physical examinations of possible conscripts made in several districts in large cities in advance of the scheduled time demonstrated these things:

That the number of men found physically disqualified for service was likely to run as high as 50 per cent of those examined in some districts.

That the number of those who will claim exemption as having dependents would be very large, necessitating very strict work on the part of the exemption boards and the examination of more men than was contemplated originally.

That it would be quite impossible for any of the boards to finish their physical examination within three days, as prescribed by the regulations and that the filling of quotas will be long delayed.

Examinations were made on a small scale in about a half dozen New York districts, the men in each

case being required to waive the five days' notice prior to examination to which they were entitled. The board in two districts summoned one-third of the men to be examined to appear. The progress made the first day made it doubtful that the examination of so many men could be concluded in one day, and in each district a second one-third of the total number called was summoned to appear.

The photograph shows men being examined by local draft board.

GERMANY LOSES BIG WAR PLANT

Munitions Factory at Hunningsdorf Is Wiped Out and 300 Lose Lives—Military in Charge

(Associated Press Cable)
London, August 6.—According to reports received from the German frontier by the correspondent at Amsterdam, of the Exchange Telegraph Co., the explosion at Hunningsdorf was one of the worst catastrophes of its kind that has happened in Germany since the war started.

A munitions factory was wiped out and 300 were killed or injured and enormous damage was done. Hunningsdorf has been isolated by police and troops.

DOWN GOES COAL PRICES

(Associated Press Dispatch)
Columbus, O., August 6.—Ohio may take drastic action to force down the price of coal even below the price agreed upon in June at Washington between coal operators and the Council of Defense.

Attorney General McGhee declared today that the agreement was made without authority. He declared prices agreed upon at the Washington conference were exorbitant and were not approved by the government.

LONG HAIR EXCESS BAGGAGE ON HEADS OF MEN AT FRONT

A CLOSE SHAVE AT THE FRONT — ALSO AT THE REAR

Fighting is hot work anywhere and any time, and this is particularly true in France at this time of the year. All excess baggage is got rid of whenever possible and this includes the hair on the top of the Tommy's head. Our picture shows Canadian soldiers giving each other a close shave.

The statement was made following receipt from the Greater Dayton Association of a strenuous complaint against high prices of coal. The association asked, and it was announced it would receive, the active help of the Attorney General in forcing down the price of coal.

KERENSKY'S NEW CABINET

(Associated Press Cable)
Petrograd, August 6.—M. Kerensky's cabinet is virtually complete. The Democrats have agreed to participate and the list of members to form the new ministers has been decided upon.

ONE IN EVERY FIVE MEN WILL SEE SERVICE

Such Is Early Indication Coming From Various Points in Ohio—Nearly One-half Physically Unfit.

(Associated Press Dispatch)
Columbus, O., August 6.—The wheels of the draft machinery in Ohio were in full motion today. With very few exceptions every local board was in the midst of physical examinations. Officials of state registration headquarters expect first reports tomorrow or Wednesday, but it will be several weeks before the final ones are in. Unofficial reports that a number of districts sent largely for information, indicate the rejections for physical defect and claims for exemption in Ohio will be about the same as reported from other states.

While these reports are not taken as wholly representative, it is believed physically defects will bar half of the men examined. More than half of these claim exemption so that acceptance of one in five called for examinations is indicated.

REED LEADING THE OPPOSITION

(Associated Press Dispatch)
Washington, August 6.—Consideration of the conference report on the administration food control bill was resumed in the Senate today with a bitter fight ahead, led by Reed of Missouri against its acceptance. Administration leaders hoped to

ALLIES THROW BACK ALL BITTER ATTACKS LAUNCHED BY TEUTONS

put the legislation through by Wednesday and have it ready for President Wilson's signature before the week ends.

U-BOAT IS SIGHTED OFF COAST

(Associated Press Dispatch)
New York, August 6.—A report that a U-boat had been sighted near the trans-Atlantic steamship lanes off this port caused the War Department authorities to close the gate in the net protecting the harbor mouth here at one o'clock this morning. The gate was opened again at 6 o'clock.

Washington, August 6.—A preliminary report from a master of a merchant ship who thinks he sighted a periscope off New York yesterday, has been received at the Navy Department. Investigation is being made.

AFTER DRAFT RESISTERS

(Associated Press Dispatch)
Washington, August 6.—Attorney General Gregory today began personal consideration of reports from the district attorneys in Oklahoma, North Carolina and other sections of the South as to the draft demonstrations in their localities.

Reports received by the department did not deal with the latest phase of the situation and more complete reports are awaited. In the meantime the department through its investigators is studying the situation with a view to finding the proper solution.

HEAR CHARGES AGAINST CHIEF

(Associated Press Dispatch)
Austin, Texas, August 6.—Sitting as a committee of the whole the Texas House of Representatives today began consideration of the charges brought by Speaker F. O. Fuller looking toward the impeachment of Governor Ferguson.

There are thirteen charges against the governor, alleging misapplication of public funds, disregard of the banking laws and undue interference with the state universities. It has been intimated more may be preferred.

MUST REGISTER

London, Aug. 6.—Robert R. Skinner, the American consul general, has requested and received from the foreign office a list of all American citizens within the United Kingdom eligible for draft under the American selective conscription law. These persons are now being circulated by the consulate and told to report for registration.

Austrians are Badly Defeated by The Italians, who Win More Ground — The French Repel Many Assaults.

(Associated Press Dispatch)
Yesterday's tremendous cannonade on the Flanders battle front was followed last night by two German attempts to shake the British from their hold on an important section of newly won ground. Both attacks failed.

The first attack was launched in the Hollebeke region. The Germans did not even succeed here in reaching the British lines. Later the German guns laid down a barrage at Westhoek, and the infantry tried to push in under its cover. They met with no more success, however, than they had done at Hollebeke.

On the French front aside from the Flanders area there was considerable activity on the part of the Germans. They attacked in the region of Berville. The French guns were able to cope with the situation in each case. Berlin's report of the fighting in Flanders asserts that strong attacks were delivered by the British yesterday between the Ypres-Mentz road and the Lys, all of which were repulsed.

There is considerable more activity on the Austro-Italian front and bulletins from Rome tell of an extension of the Italian lines on the Julian front by means of a rapid attack near Boscomato.

DEATH WANTED FOR MEN WHO RESIST DRAFT

(Associated Press Dispatch)
Muskogee, Okla., August 6.—United States District Attorney W. P. McGinnis announced this afternoon that the men arrested on charges of resisting the draft in Oklahoma will be tried for treason and that the death penalty will be asked by the government.

District Attorney McGinnis has sent two deputy attorneys to the infested districts to get evidence.

ROUNDING 'EM UP

(Associated Press Dispatch)
Holdenville, Okla., August 6.—A band of 26 men, alleged members of the working class union, a draft resisters' organization, was reported surrounded by officers in the brush south of here today.

The shooting of J. F. Moose, of Okmah, north of here early this morning when he disregarded the orders of the guard line to stop his car, disclosed that the young man was on his way to take a train for McAllister, where he had been called for examination for entrance into the second officers' reserve training camp.

DATE OF SOCIALIST MEETING IS FIXED

(Associated Press Cable)
Stockholm, August 6.—The date of the International Socialist Conference to be held in this city has been fixed for September 9th.

ATHLETICS COP FOURTH BIG GAME

Championship Series Now Stands "Even Up," With Two Games Each as the Final Stretch Is Entered.

Locals Deserved to Win Sunday Contest, Which Was Weird But Exciting From Start to Finish.

The fourth game of the Washington-Wilmington series, played at Wilmington Sunday, was perhaps the poorest played contest of the series and at the same time the most exciting.

It was a see-saw contest from start to finish. First it looked like Washington had the game sewed up and put away. Then Wilmington "came through" with six large formidable looking tallies in the second and it looked safe for Wilmington.

The Athletic bunch, however, kept hammering away at the bat, on the bases and in the field, until they finally eased up along side of their opponents and won it out in the ninth when the crowd of Washington fans on the side lines got Pitcher Linsen's Angora.

The game abounded with long hits, consistent pounding and errors of commission and omission—mechanical errors, errors of judgment and bone head blays.

The excessive heat undoubtedly contributed largely to the misplays of the afternoon. Frohnhoefer, Washington's reliable short stop, made four errors in a row and other steady going Washington players contributed their share of the grand total of eight errors, while Wilmington was collecting only a total of four misplays.

On the inside play Washington had decidedly the best of the argument, pounding out a total of eighteen solid hits, while Wilmington collected only 12 singles.

Heironomus, pitching for Wilmington, was driven from the mound by a fusillade of hits early in the contest and was succeeded by Linsen, who traveled along close to the ground until the ninth, when his balloon went up with no parachute attached.

Black, pitching for the Athletics, delivered a much better brand of "goods" than the score indicates. In spite of the hits and errors in the early part of the game he stuck to it until the end and was going strong at the finish. He maintained his head and his good nature throughout all the weird contest and kept "shoving them over" with regularity.

The result, 12 to 11, was justly earned by Washington and makes the big series now even up—two each.

It was a bitter pill for the Wilmington bunch to swallow—to lose with eleven runs chalked up, but they had it to take and took it gracefully.

Some little tightening up on both teams is now a probability as the stretch is entered for the final brush to the finish.

HUGHES IS REHIRED GETS AN INCREASE OF \$200 PER YEAR

The presidents of the rural boards of education forming District No. 2, met at the county superintendent's office, Saturday night, and employed Henry T. Hughes as superintendent of the district for another two years, at a salary of \$1600 per year, or an increase of \$200 per year over the salary he has been drawing as superintendent of the district.

The vote on the proposal stood four to three, and upon roll call was made unanimous. The president of the Bloomington Board was permitted to take part in the meeting, under the assumption that the transfer of Bloomington from the district was not yet in effect.

As the men present could transact no further business, the meeting came to an end.

TO DECIDE THE DATE OF OPENING SCHOOL

At a meeting of the City Board of Education on Monday, August 13, the date on which the schools of the city will be opened for the coming term, will be decided.

If the weather continues hot it is more than probable that the schools will not be opened until September 10th, but if the weather becomes cool school may open one week earlier.

In the meantime any vacancies in the list of teachers will be filled up and all arrangements be made for the formal opening, which for years has been made without a hitch.

TENNIS COURTS ARE NOW READY FOR USE

The two tennis courts on the Central school grounds are now ready for use and are open to all youngsters who desire to use them.

The two courts are good ones and should be used much more than they have been during the summer.

BAGS FOR WHEAT, OATS, ETC.,
MILLER'S & MFG.'S SERVICE CO.,
SOUTH MAIN STREET, 177 1/2

BIG YIELDS OF FAYETTE WHEAT

Forty-five bushels average on a 50 acre wheat field is the report from the farm of Mr. Frank Jamison, two miles from town on the Staunton pike. The average of his entire crop was over 30 bushels.

The largest early wheat yield reported from Cooks Station is that of George Fry and sons, who threshed 40 bushels per acre on one 15-acre field and a hundred acres that averaged 30 bushels.

Birtis Thornton, operating the farm of his father, Noah Thornton, on the Plymouth pike, had one of the biggest wheat yields in the county. One seven acre field averaged fifty bushels, while the remaining 73 acres of his crop made 37 bushels per acre.

J. A. Thornton on the Elon Thornton homestead, threshed 44 bushels to the acre on 40 acres—one of the biggest yields of the season.

Andrew Loudner had 56 acres that averaged over 30 bushels.

Thomas Frayne threshed 130 acres that averaged 31 1/2 bushels.

H. B. Hankins reports 100 acres that produced 2765 bushels or 27.65 bushels to the acre.

H. C. IRELAND, NEW CLERK OF COURTS, STARTS TERM TODAY

Fayette county's new Clerk of Courts, Horace C. Ireland, assumed the duties of the office Monday, beginning a two year term to which he was elected by Fayette county voters last fall, and succeeding Mr. E. W. Durlinger, who for the past four years has very efficiently conducted the affairs of the office.

For several years Mr. Ireland has been employed at the Fayette County Bank, and is highly qualified for the position he now occupies. He is one of the best known young men in the city and county and has a host of friends who wish him well.

Clerk of Courts Ireland has named Mrs. William Waddell as Deputy Clerk.

The outgoing Clerk of Courts, Mr. E. W. Durlinger, made a host of friends while in the office, by his courteous treatment and prompt attention to all matters pertaining to the office, and his work has come in for unstinted praise, not only from those who have much business at the office, but from the State examiners who have audited the books of the office during his term.

In stepping out of office Mr. Durlinger left everything in proper shape with the work in each department brought up to the minute so that his successor, Mr. Ireland, might start with a perfectly clean slate.

FORD FROM DAYTON GOES INTO DITCH

A Ford touring car, bearing a card issued to Enoch Potter, of Ludlow street, Dayton, as having applied for a license, went into the ditch two miles east of this city, on the Circleville pike, Sunday afternoon, apparently as result of inexperienced driving.

The car was badly damaged but the three young men in the car who were on their way to the cantonment camp at Chillicothe, were not injured. A local garage was called to remove the wrecked car.

DR. PARSONS SPEAKS AT GRACE CHURCH

Dr. Richard Parsons, the gifted instructor in Greek of the Ohio Wesleyan University, delivered the morning sermon at Grace M. E. church, Sunday, and few more forceful sermons have been heard in this city in recent years.

Dr. Parsons has a remarkable command of the English language, and his sermons are intensely interesting. Dr. Parsons also took part in the evening service, in the absence of the pastor who is enjoying a vacation at Lakeside.

BLAZE DISCOVERED IN NICK OF TIME

The fire department was called to the home of James Coler on Lakeview avenue, Sunday morning, to extinguish a small blaze caused by a spark from a flue.

The fire was extinguished without using the hose. Very little damage was done.

The Classified column has a buyer. Are your clothes faded? Then use Red Cross Ball Blue; makes them look like new. All grocers.

BABY BOY LAID TO REST

The sadness which attended the burial of Emerson Woodrow Wilson, the idolized four year old son of Mr. and Mrs. Sherman Wilson, on Saturday afternoon was beyond expression. The shock of the sudden death and the pathos of the loss of the beautiful boy in such health and happiness with all the tragic attendant circumstances of the accident, had moved the entire community to the deepest sympathy, which found expression in the immense gathering at the home on Washington Avenue for the services.

The father, seriously injured in the same accident, was only able by great effort to sit up during the hour of service, and the mother, without even the solace of the six weeks old baby brother, also ill, made the sad trip to the Bloomington cemetery.

The services, conducted by Rev. C. L. Thomas, a former Bloomington pastor, now of the M. E. Church of Kingston, were simple and very touching. He was assisted by Rev. T. C. Kerr, of the Presbyterian church of Bloomington. There were few dry eyes in the rooms while the ministers spoke beautifully of the beloved child, sleeping in the midst of a wealth of fragrant flowers, the tribute of affection on the part of many relatives and friends. With much sweetness Mrs. John Whittington and Miss Madonna Larrimer sang "Asleep in Jesus" and "Safe in the Arms of Jesus."

A long line of autos filed to the Bloomington cemetery where many not able to come to the house, were in waiting.

The little casket covered with flowers, was borne by four boy playmates Robert Gregg, David and Clyde Larrimer, Howard French.

MEMOIR

When we note the allurements of death's choice it almost makes us fall in love with death itself. Surely death loves a shining mark and his marksmanship was never more clearly manifested than in His latest choice—Emerson Woodrow Wilson, oldest son of J. S. and Edith Wilson, born June 6, 1913, at Bloomington, Ohio.

Little "Woodie" as he was lovingly called by parents and playmates was wonderfully bright and happy in disposition—a veritable ray of sunshine in the home.

A child whose soul was a mirror bright, Where the angels wrote in lines of light:

The dearest words to mortals given, Of such is the kingdom of Heaven."

Loaned to the earth for a little while, he brightened it while here, Taking him home, Thursday, August 2, 1917, but brings heaven nearer. "It has only strengthened the cord of love

There is less below and more above." He leaves to mourn his departure the loving parents and a baby brother.

CHOSEN OFFICERS FOR FAIR GROUNDS

Patrolman Noah Bell of this city, and Court House Janitor John Mann have received notification of their appointment as policemen for the state fairgrounds, and will be on the grounds the entire week of August 27th.

One Way of Keeping Cool Is Getting Into Water and Staying There

ONE WAY OF KEEPING COOL IN A HOT WAVE

Keeping cool with the mercury trying to climb out of the tube is one of the things that can't be done, in spite of the philosophers who tell us that nothing is impossible. So millions of folks have learned in the terrific heat wave that has recently afflicted the east. But these city ur-

LOSES FINGERS UNDER ENGINE

Roy Morrison, fireman on the B. & O. yard engine in this city was very badly injured early Monday morning when a seat on the tender of the engine broke and threw him to the ground, catching his fingers of his right hand under the wheels of the locomotive.

He was taken to the Fayette hospital where two fingers were amputated. Another finger was badly crushed, and it may yet be necessary to amputate the finger.

ANOTHER FREE TRIP TO WASHINGTON IS OFFERED IN FAYETTE

The M. Hamm Company of this city has offered the fourth free trip for the Fayette youngsters who are prize winners in the contests now under way in the county and will give the free trip to the champion pig grower of the county.

Prior to the offer of The M. Hamm Company three trips to Washington next December had been offered in Fayette county, and it is hoped that at least another trip will be provided.

The Bankers of the city are sending the girl winner in the clothing contest and the boy winner in the corn contest, while The Washington Milling Company is sending the girl who wins in the food contest.

The offers have added inspiration to the efforts of the boys and girls, who are striving as never before to win the coveted first premium, or one of the other premiums offered as a reward for their efforts.

The good results of the contests can hardly be estimated, as it is increasing interest in the various departments, and bringing to the youth of Fayette county a realization of the good results to be obtained in the various departments by a little work and study, and is sure to have its effect in future years.

It Will Make Your Feet Just Dance for Joy

FEW EXEMPTIONS WILL BE GRANTED ON INDUSTRIAL REASONS

By Associated Press Dispatch.

Cleveland, O., August 6.—At a joint meeting here of the board of appeals for District No. 2, with headquarters in Cleveland, and District No. 3, with headquarters in Toledo, a knock-out blow was given the prevailing impression that there will be wholesale exemptions from draft on occupational grounds.

Personal pleas for exemption on the ground that applicants are doing "necessary" work in factories or on the farms will not be permitted unless the board itself desires additional information. It was made clear that exemptions on occupational grounds will be fewer than is generally expected and that draft board members will work on the theory that unskilled workers can be replaced by registrants who are exempted on physical or other grounds.

Members of each district were emphatic in expressing the opinion that every effort should be made to discourage the attendance of attorneys

at their sessions. Except in special cases exemption cases will be decided on the evidence in affidavits applicants will be required to furnish.

It was announced by Judge Advocate General Hubert J. Turney, who attended the joint meeting, that Governor Cox has named Dr. W. H. Hunsdon of Cleveland as medical member of the board of appeals of District No. 2 to succeed Dr. E. E. Bunts, also of Cleveland. Dr. Bunts, a major in the medical reserve, has been ordered to government duty at Fort Sam Houston, Texas.

GREEN LOUSE BUSY

By Associated Press Dispatch.

Cleveland, O., August 6.—Carl L. Kirk, in charge of city war gardens, calls attention to the havoc wrought on garden crops by a green louse whose technical name is the "aphid." He said it is attacking all sorts of vegetable crops in large forces.

The use of nicotine and soap solutions applied by spraying is effective, he said.

"Big potatoes" is Russian slang for "bombs." In America we never speak familiarly or disrespectfully about potatoes.—Kansas City Star.

What of Japan?

Just why the Allies have not permitted the tremendous army and navy of Japan to take a more active part in the war is one of the big questions the world is asking and has been asking for some time.

Japan's navy ranks near the top of the list of the navies of the world in size and efficiency. The Japanese are intelligent and resourceful in war. The Mikado could put hundreds of thousands of trained fighting men in the theatre of war but no request is made for either men or ships.

The British seem content to have Japan look after the far east and remain free of the contest in continental Europe.

Perhaps the far seeing British with whom the Japanese maintain the closest treaty and commercial relations are holding the tremendous army and navy of Japan as the rear guard to possible trouble with disordered Russia.

There is now no need of denying the fact that Russia has always been the big question—the ever present problem of the entente group and late developments have proven that fears as to Russian stability were well founded.

There may be yet a tremendous work for the Japanese in the far east if order cannot soon be restored in Russia or if a separate peace pact is made by Russia with Germany and Austria.

But that is all speculation. The fact remains that Japan's part, although in a hard and fast alliance, offensive and defensive, with Great Britain has thus far been only negligible.

Vacations

These are busy times for every man engaged in the active pursuits of this busy old world of ours and practically all men, old and young and middle aged, prosperous, well to do, and poor, have their bit to do and are doing it too.

Every man these times should give every hour of time he can to the great work of the moment—he should produce to the limit of his capacity, and in order to insure a maximum of production every man must conserve his energy—he must have regard and consideration for his physical welfare.

While it is difficult to lay aside the pressing work of the moment and rest the tired out brain and body—while busy men may feel that they haven't time to stop, yet a vacation, if only for a few days, a complete rest for the man of nervous temperament, from the strain of the moment is the greatest conservation and economy of all.

Tired out men can't give their business and their country the full measure of which they are capable. A few days rest means added physical strength and clearer mental vision, it means more production.

Men who need a vacation should take advantage of the present opportunity. The nation's task looms larger every day and the demand of the coming autumn and winter is certain to be a heavy one—one which men should be in condition to face and master if they conserve their energy now.

No patriot can afford to "take things easy" now but to work on under physical discomfort is waste. If you need a vacation—if you need rest from work—take it and be assured that in doing so you are in reality working for the nation.

Men should take vacations now as a duty—to fit themselves for the future—not as a pleasure.

Russia's Big Problem

Governmental chaos, wide spread social confusion, the complete disintegration of the whole national structure—civil and military—in Russia seem to be complete.

Anarchy reigns in all the great land of Russia. When order will finally come again no man can foretell but, certainly, it does not seem near at hand.

The world has great confidence in Kerensky but apparently the task which confronts him is impossible of early solution. The world need not be surprised if Russia has entered upon an era of disorder such as the one which has gripped Mexico for years.

The situation seems now, in many respects similar to the one existing in Mexico. The people are uneducated, suspicious and have been ruled by tyranny, deceit and official dishonesty so long that it will require time to inspire their confidence in any government. The problems of democracy are new to the Russians and freedom is as difficult for the Russian peasants to grasp, and understand how it differs from anarchy as it is for the Mexican peon.

Possibly Kerensky is the man of the hour, the man who can point the way out, combining power, intelligence and honest patriotism, in such a way that he can gain the confidence of the people, rule with a firm hand and rebuild the ruined fortress of law and order, make Russia an aggressive fighting force and a land of real freedom for the rugged and honest, but ignorant and long enslaved millions of Russian people.

Perhaps that hope may be realized but the chances now seem decidedly against it. It seems more probable that Kerensky may be the first of several great patriots who will fail in their endeavors. He may be the Madero of Russia. The man whose vision is of a remote future.

Poetry For Today

THE FATE OF WAR.

Only the Divine can change hearts of stone
Hardened by avarice, standing alone
On trembling pinnacles of royal gold
Already crumbling into earthly mold.

The devastated farm, the broad home,
The hallowed shrine, the lofty sacred dome,
All leveled in a sweeping fire,
Spreading the field of waste and mire.

Once peaceful hamlets full of happy life
Lie buried here, and sounds of cruel strife
Grate on the air above the sleeping dead;
Oh! Fate of war, the graves drenched deep in red!

The bird migrates to other lands where peace
Still reigns, but no such safe release
Comes to the fated soul, whose unprotected life
Is made to yield before this carnage rife.

Thus the helpless suffer from the power of might,
For craft and malice claim exclusive right
To dominate mankind and trample under heel
The rights of liberty that patriots love to feel.

Soon by God's grace the trump shall sound for peace
To summon the nations to desist and cease
Their warfare! Then pride will end by His decree
To quell the mighty and set the captives free.
St. Louis Globe-Democrat.

Weather Report

WEATHER FORECAST

Ohio—Fair; somewhat cooler central and south.

Daily Calendar.

From noon today to noon tomorrow: Sun sets, 7:10; moon rises, 8:55 p. m.; sun rises, 5:02.

CLIMATOLOGICAL CHART.

Ending 7:00 p. m.

Highest temperature 94.

Lowest temperature 65.

Mean temperature 80.

Barometer 30.96.

ALEXANDER SWORN

(By Associated Press)

Athens, Aug. 6.—King Alexander took the oath of office. Reaching the chamber, the king was met by a parliamentary committee, the council of ministers and the clergy and escorted to the legislative hall. The king wore the white uniform of a general, with numerous decorations. As he remained standing to take the oath, Premier Venizelos was at his right and the president of the chamber at his left. King Alexander then read the speech from the throne on the future attitude of Greece towards the belligerent powers.

More people every day are finding Herald want adds superior.

FOOD SAVING

Has Been Asked of Every Person, and Likewise There Should be Money Saving.

1. To save food is a duty urged by our government.
2. To assist in winning victories
3. Over the enemy.
4. Equally important is the saving of money.
5. Start a savings account
6. With The 4 Buckeye State Building and Loan Company,
7. Rankin Building, 22 West Gay Street, Columbus, Ohio. Assets \$13,900,000.00. Five per cent paid on time deposits.

EXPECT TAX RATE WILL BE REDUCED IN SOME DISTRICTS

Budget Commission Meets With District Taxing Officials Tomorrow to Discuss Tax Rate for Coming Fiscal Year—No Change in Limit Rate in This City.

The Fayette County Budget Commission will meet the taxing officials of the various taxing districts of the county, Tuesday, and the needs of the various districts for the coming fiscal year will be ascertained.

The Budget Commission, composed of County Treasurer A. W. Duff, County Auditor Glenn M. Pine and County Prosecutor Harry M. Rankin, will go into the needs of each district separately and ascertain the least possible amount the districts can get along on, and yet allow sufficient funds for all purposes.

It is announced that the indications are that there will be substantial reductions in the tax rates in some of the districts.

However, Washington is not one of those districts, and the rate here will remain unchanged at the limit.

In the majority of the districts the tax rates will be lowered. This is due in part to increased duplicates.

LOCAL MAN WAS ON TRANSPORT RAMMED STARTING TO FRANCE

Mrs. John Slavens of this city received a letter Monday noon from her son Albert Slavens, who enlisted in the United States Field Artillery some time ago, and was at the coast awaiting transportation to France.

The ship upon which Slavens was to have sailed was the transport Saratoga which was rammed by the steamship Panama on July 30 as the latter was coming into port. The name of the ship was withheld by the censor. Three men, the engineer, a man in the hospital corps and an unidentified man, were drowned.

None of the members of the artillery division were injured, according to Slavens, although there were several narrow escapes. Slavens was lucky enough to get away from the ship with a full uniform, but many of the men were forced to leave the ship scantily clad.

The troops are now near New York City awaiting new equipment, as all was sunk except a few uniforms.

NOW IN PRISON

Myrl Phillips, automobile and bicycle thief, was taken to the Boys' industrial school at Lancaster Monday morning, in custody of Sheriff Jones.

BIBLE CLASS NOTICE

The members of the Tabernacle Bible Study Class will meet at Mrs. Paul Hildebrandt's on Temple street, Tuesday, August 7th at 2:30 p. m. All members are urged to attend. Election of officers.

REDECORATING THE FAYETTE HOSPITAL

The work of redecorating the Fayette Hospital was started Monday morning. The interior will be repainted and when completed will be very attractive.

Now that the hospital is in the hands of a corporation, there will be several changes made. The building of the new hospital or the remodeling of the present one will not be started until next year. With virtually all doctors of the county co-operating the new Fayette Hospital should be one of the best in this section of the state.

The hospital will still be used as a nurses' training school.

TO FIX COAL PRICES FOR THIS COMMUNITY

Local retail coal-dealers will meet the Governor's Committee in Columbus, Tuesday morning, for the purpose of fixing the retail price for coal in this city and community, and it is expected that a material reduction will be the result, as the lowest possible price is to be fixed, local dealers acting in conjunction with the special committee named for that purpose.

The local dealers were summoned by the above mentioned committee.

WOMAN TRAINER OF ELEPHANTS TALKS

Does marriage "change a person"? Well, just by way of illustration, there's the case of Zora, who is known as the "bravest woman in the world." Once upon a time Zora was a society woman with no thought of the circus. But when she appears in this city with the Sells-Floto Circus, which is to be exhibited here Tuesday, August 21, she will come as the trainer of the greatest herds of tractable elephants in the world. And marriage was the cause of it all.

"There was a time when I didn't even know the habits of an elephant," Zora said recently. "I never even had been around one. Then I met the man who was to be my husband. He was an animal trainer and naturally I became interested. And the boasts which drew my attention the most were the elephants."

"Day after day I watched them and learned their habits—and discovered two things, that I liked them and that they liked me."

"Better become an elephant trainer," my husband joked. But with the remark I became serious.

"I believe I will," was my answer, and that day I set to work.

"Hit by bit I drew from my husband all he knew concerning animals and their training. I purchased books on animal training and studied them. At last I succeeded in my aim. And that's the reason—" Lucia Zora smiled prettily—"I am the elephant trainer of the Sells-Floto attractions. But the real reason is, of course, because I got married."

Zora and her elephants form one of the main animal features of the Sells-Floto aggregation. Just as an indication that the circus will be larger this year than ever, the great canvas will cover eleven acres, with a seating capacity for 10,000 persons.

PERSONAL PARAGRAPHS.

Mrs. J. C. Dunn and Betty Brown McRoy arrive Tuesday from Chicago.

Mrs. Dunn will be the guest of her brother Mr. A. M. Brown and family.

Messrs. Cyrus Edwards of Cleveland and Hall Wood of Columbus were guests of friends here, Sunday.

Mr. and Mrs. Ed Pine had as their Sunday guest, Mrs. Pine's brother, Mr. W. E. Scott, of Bozeman, Maryland.

STILL SHORT ON BASEBALL OUTFIT

It will require quite a little amount to complete the fund for Company M's baseball outfit.

Mr. W. H. Brown, who raised \$112 toward the outfit, announces that he has purchased a complete outfit second to none, with exception of the suits, and the suits are to be purchased by some of the Women's clubs of the city, and the latest reports showed only \$21 toward this fund. It will still require quite a little fund to bring the amount up to the point desired.

PAIR OF OFFENDERS FACES HIS HONOR

Two men answering to the name of "John Doe" were arrested by the police Saturday night for being drunk. The men, both white, refused to give names. They were to appear later for the usual \$5 and costs.

REGULAR SESSION OF CITY SOLONS

The regular session of the city council will be held tonight at 7:30 o'clock, and business of importance is expected to come before the solons for attention.

FISH AND GAME MEET

The Fayette County Fish and Game Protective Association will hold its usual monthly session at 7:30 to night, at the Probate Judge's office.

W. C. T. U.

The Sugar Grove W. C. T. U. will hold its regular meeting at the home of Mrs. George Sturgeon on the Greenfield pike Wednesday, August 8th. All members are urged to be present.

RECOVERY IS SLOW

Mr. Sherman Wilson, seriously injured in an auto accident last Thursday evening, is still confined to his bed, and is slowly recovering although still suffering greatly from the nervous shock attending the tragedy.

NEW AVIATION FIELD NEAR CAPITAL CITY

Columbus, O., August 6.—(Special)—The Chamber of Commerce has submitted to the federal government an aviation site of 1,000 acres. A brief submitted at the same time contained outline map of the tract with necessary information which will aid the government in selecting the site. The aviation school at Ohio State University is now attended by more than 300 students, and as soon as new buildings are erected this will be increased to 500 at least.

Columbus is going to make a hard fight to secure the proposed new aviation camp.

Yours,

J. W. DUFFEE & CO.,

The Old Reliable Cash Grocers.

FIND ONE MAN OUT OF EVERY 3 TO BE PHYSICALLY UNFIT

Work of Examining Men Who Are Summoned to Fight for Fayette Moves Along Smoothly With Heavy Percentage of Un-sound Men Among First Ap- pearing for Examination.

The work of examining men for Fayette's quota of soldiers for the new draft army started on the dot at Memorial Hall, Monday morning, and is progressing smoothly without a hitch of importance, and with about one man in three being thrown out of the first few dozen reporting, as physically unfit, or not sound in body and not up to the high standard Uncle Sam has established for his army. Assisting Dr. D. H. Rowe in the work of examination were Doctors Howell, Decatur, French and Robinson, the latter making examination of the mouth. Each doctor has one or more members of Company M who were detailed for the clerical work and any other part of the task that can be assigned them. Members of the Board were located in an ante-room on the third floor of Memorial Hall, and each man was checked off as he reported. Not one man who was ordered to appear failed to do so at the appointed time, with the one exception of a man enlisted in Company M who thought the Board was aware of his enlistment. However this did not excuse him from reporting, and he was brought before the Board and checked off. The spacious room on the third floor was utilized for the work, and when the registrants had run the gamut of doctors he had undergone one of the most rigid examinations ever given a man, and his defects were down in black and white. Up to the noon hour 25 men had been examined and 9 had been found below the physical standard, three of the nine being either totally blind or blind in one eye. The ratio of six men every hour was carried out to the letter, but kept all physicians busy every moment of the time. Up to two o'clock nine men out of 28 had failed to pass the physical examination, and two more were doubtful.

Those examined up to two o'clock and found physically fit are: **MEN WHO PASSED** 258 LEMUEL OSCAR PAGE, Millwood, Washington C. "CASEY" BACK IN XENIA WORKHOUSE "Casey" Jones and old offender of this city was taken to the workhouse Saturday afternoon by Chief Moore. Jones had an old sentence hanging over him and it will be sometime before he will be released. He was arrested some time ago on a charge of drunkenness.

IN SOCIAL CIRCLES Mr. and Mrs. James Ford entertained Sunday, Dr. J. J. Coons and fiancée, Miss Jessie Campbell, of Columbus. Mrs. Rosa Coons of Milledgeville, Mr. and Mrs. Elmer E. Baughn, west of town and Mr. Will Ford. Miss Carrie Willis delightfully entertained Saturday evening, with an informal dinner, in honor of her house guest, Miss Charlotte Harper, of La Fontaine, Ind. After the dinner, the guests enjoyed a hike into the country, and returned to the Willis home for a jolly slumber party. The guests were: Misses Boss Casey, Jane Paul, Lora Ellen Tharp and Jean Fitzgerald. The Pig and Poultry Club held an interesting meeting at the home of the president, Grove Davis, Saturday afternoon. Nineteen members were present, four were excused. The record reports showed that it was the seventh meeting of the club; and that twelve of the members, seven of them being pig club boys, had been present at every meeting. After the business meeting a social hour was enjoyed. Nellie Louise Taylor furnished a clever contest, in which the names of the presidents were jumbled up; the president of the club's name was among them; but it proved a puzzle, as not one of the members was able to guess it. The prizes were won by Joseph Elliott and Estelka Bonham; the consolation prizes by Argone Davis and Viven Everhart. The refreshments were great in variety, as each member brought ten cents' worth of some article, he or she liked. To this Mrs. Frank Haines and Mrs. B. F. Davis added delicious sandwiches and lemonade. The meeting adjourned to meet the first Saturday in September. Elemwood Ladies Aid Society will hold an all day meeting and picnic dinner Wednesday, August 8th at Mrs. John Merriweather's on Clinton Ave. The ladies are requested to bring their thimbles and darning needles.

PERSONALS Mr. Adam Sommers and daughter, Miss Bertha, left Sunday for a visit of several weeks with relatives in Shelton, Conn. Mrs. Allen B. Whitney, of Upper Sandusky, is the guest of her sister, Mrs. W. E. Robinson. Mr. Wilbur Collins and niece, Mrs. Frances Schlessinger, left Monday morning on an extensive trip through the West. They will visit relatives in Livingston, Montana, before going through Yellow Stone Park. Mr. Collins will return via Denver and visit in Colorado. Jerome Taylor, wife and daughter left for Pittsburg Sunday. Chester Steffy spent Sunday in Columbus. Paul Bond of Columbus was visiting friends here Sunday. Walter Kearney visited friends and relatives in Columbus Sunday. Clifford Householder visited friends in Columbus Sunday. John M. Jones South Western Ohio manager of the Miami Valley Stone and Gravel Associated Companies, with a capital of a quarter of a million dollars, was called to Cincinnati the last of the week to attend a meeting of the company. Miss Zella Patton came down from Columbus Saturday evening for a short visit with her mother, Mrs. Mary Patton. M. W. Clagson, of the 2nd Ohio Ambulance Corps, was down from Columbus spending Sunday at his home. Miss Florence Ogle returned Saturday evening from a delightful month's stay in Chautauqua, N. Y. 200 RESISTERS ARE ROUNDED UP

(By American Press)
Oklahoma City, Aug. 6.—Fighting between organized resisters of the selective draft and possemen near Holdenville resulted in the killing of Ed Black, an objector to military service, and the wounding of two possemen, Jack Paige and Henry Johnson. Paige was carried out by the gang. A large posse has gone to his rescue.

Poses seeking to quell organized resistance to the federal draft law in central Oklahoma arrested 30 more men, making a total of 193 taken into custody.

Members of the "Working Cinnas union," the "Jones Family" and similar groups of objectors to military service failed to make good their boasted readiness to battle representatives of the law, and state authorities are hopeful that the disturbance is at an end with the exception of rounding up the leaders to prevent another outbreak.

Rumors of federal intervention with troops are said to be without foundation, but the United States government will take a hand through the district attorney's office in running down and prosecuting the opponents of the draft law.

Men arrested were for the most part willing captives. A number of them sent word by women members of their families that they were ready to surrender.

Two strong bands of the draft resisters remain, according to reliable information, the others having broken up when pursuit became hot. Twenty-six men are in one group, eight miles northwest of here, camped on Salt creek, while a smaller gang is ten miles east. Rumors of trouble near Lamar, in Hughes county, could not be traced to any reliable source.

Among the captured objectors are four alleged leaders, Mate Harris, John Spears, who sent word that he wished to surrender; Albert Huckleberry and Jabez Benefield. At least three of the leaders, according to possemen's statements, still are at large. Two of these men, it is said, are expected to show fight before being captured.

The trailing of the revolutionists was made easy by full-blood Indians. Seminoles for the most part, who followed the tracks unerringly and by their ability in woodcraft effected many captures. The Indians have aided the loyal white citizenry throughout the uprising, and but very few have been found in the ranks of the malcontents.

Aidavits by prisoners tell of the belief of the tenants, inspired by agitators that to be drafted into the national army was to go to sure death.

PIG AND POULTRY BOYS TELL STORY OF THEIR SUCCESS

How the enterprising young farmers taking part in the pig and poultry clubs have succeeded in their work has been told in their own words, and a number of letters written by the youngsters will be produced in The Herald.

In today's issue the letters of Joseph Elliott, 8 years of age, and Emmett Hardway, 11, are given.

How I Grew My Chickens.
"On the 24th of March, set two hens on 30 Buff orphan eggs that were gotten of Bruce King. Hatched 17 chicks on 15th of April, weighed 1 pound and a quarter.

"On the 6th day of May they began to die with white diarrhoea. They kept dying until I had 5 little dwarfs left. Then I decided to let mother take charge and joined the pig club.

"Keep my eyes on those chicks and when they began to grow I began to feed them again.

At eight weeks they weighed six

pounds. But just the same I am no quitter and my chicks will go to the fair.

"JOSEPH ELLIOTT,"
Age 8 years.

"Washington C. H., Ohio.
July 31, 1917.

"At the time the pig club was organized I was visiting my father at Camp Pershing, El Paso, Texas. After returning home found several of my boy friends were going to try to feed a pig, so was anxious to try my luck.

"My father gave me three pigs. They were farrowed February 13th and were weighed May 5th. One weighed forty pounds and the other two weighed forty-five pounds apiece.

"I have my pigs in the orchard where they have plenty of grass and shade. I keep salt and ashes with a little hog tonic in it by them all the time. I feed them corn and milk and plenty of fresh water.

"One time when I went to stop them one of them knocked me over and the other two got their heads fast in the bucket. Not being ready to can them I helped them out.

"My pigs are pretty wise. They seem to know a stranger and want to look him in the eye.

"I have attended all Club meetings and enjoy the work.

EMMETT HARDWAY,

Age 11 years.

P. S. I wrote my story with a pencil and copied it on father's type-writer.

CHILD WONDER IS COMING WEDNESDAY

Margaret Matheny, one of the most widely known youngsters in central Ohio has been secured by County Superintendent O. S. Nelson to participate in the annual eighth grade commencement at the High School Auditorium, Wednesday of this week.

She is ten years of age and has developed unusual talent as a whistler. She is called "the child wonder" and the "most famous child whistler in America."

Margaret has participated in more than two hundred programs in the past two years and appeared six times at the Memorial Hall in Columbus. She was on the program for the State Sunday School Association in Marion, and in a number of County Conventions both for the Sunday School Association and for the Anti-Saloon League.

Margaret is a very versatile young artist and recites and sings and acts with marked talent. She will be accompanied by her sister Miss Thelma, who is a pianist.

OHIO COAL YIELD SHOWS BIG GAIN

(By American Press)
Columbus, Aug. 6.—L. D. Devore, chief mine inspector, in his annual report to the state industrial commission, showed that, save for Ohio's coal yield in 1913, the year ended June 30 last yielded more coal than ever before in history. It showed that 34,536,552 tons were mined in the twelve months. This is an increase over 1915 of 11,899,500. In 1913 the yield was 36,285,466. Had there been more cars this year the yield would have surpassed 1913, Devore reported. Belmont county led in production with 19,553,988, about twice as much as the next county, Jefferson. Guernsey, Athens, Perry and Hocking counties followed in order.

FOUR DIE IN WRECK

(By American Press)
Milwaukee, Wis., Aug. 6.—Two engineers and two unidentified men were killed in a head-on collision between two passenger trains on the Chicago, Milwaukee and St. Paul railroad in the southern section of this city. A switch was thrown so that the northbound train from Chicago could have the right of way and the southbound train, which had left the station a few minutes previously, crashed into it.

Millions of Feet of Lumber To be Used in New Army Camps

GIANT RAFT OF LUMBER FOR BUILDING CANTONMENTS FOR NEW ARMY

This raft of Oregon pine logs 800 feet long and 52 feet wide, containing lumber to be used in building the cantonments of the new army, is towed 1,000 miles from an interior point on the Columbia river, in Oregon, via the Pacific ocean, to San Diego, Cal. There it is transformed into lumber for the use of the United States army and distributed throughout the southwest.

The rafts are boated down the ocean during the months of July, August and September, when the Pacific is as placid as a mill pond. Each raft contains from 4,000,000 to 5,000,000 feet of lumber. The logs are

from 80 to 100 feet in length and measure as much as four feet in diameter. The raft draws twenty-four feet of water and stands twelve feet over the surface. It is held together by sixty-four chains of one and one half inch tested steel links, which are wrapped around its circumference, while longitudinally it contains an immense chain of links measuring two and one-fourth miles. The latter is the tow chain by which the enormous raft, as long as three average city blocks is dragged through the ocean to its destination by a sturdy but insignificant tug.

Over 200 tons of iron are used in the chains that hold these rafts together. ty-seven are in the City hospital terribly burned. The accident occurred at the home which Flint was about to move into. The house is part of a double residence, occupied by the Gloyd family. The part of the house to be occupied by Flint had been vacant for some time and the children accompanied the new tenant into the house. Unlocking the door of a room to be used as a storeroom, Mr. Flint struck a match and the explosion occurred.

OHIO NEWS

(By American Press)
Militiaman Shot.

Alliance, O., Aug. 6.—Corporal Jasper Stone of Company K, Eighth Ohio national guard, was shot in the knee by Sergeant Ferd McKenna at the armory during a scuffle. Stone is in the hospital and McKenna in the city jail.

Charge Against Boys.

Canton, O., Aug. 6.—Clarence Price and Robert Labor, fifteen, are held in jail on charges of burglary and larceny. According to police, the boys admit they robbed two Canton stores. They stole a large number of cartridges and say they intended to buy guns with which to do daring deeds.

Found Dead in Hotel.

Columbus, Aug. 6.—Police are probing the mysterious death of J. Spence, forty-five, whose body was found on a stairway at the European hotel by Ernest O. May, the proprietor. Spence had registered there Monday. He said he was en route to his home at Huntington, W. Va.

Want Organizer Retained.

Toledo, O., Aug. 6.—The seventy-five members of the newly organized Ohio outpost company, composed chiefly of signal men and telegraph and telephone operators, struck when they heard last First Lieutenant Jay C. Snyder, who organized the company, was to be relieved of command and a Columbus officer made captain.

Father and Child Perish.

Collicothe, O., Aug. 6.—Floyd Irving, thirty-five, postoffice clerk, and his daughter, Alice, twelve, were drowned in Paint creek here. The Irvings were having a family picnic and were getting ready to start home when the girl fell in the stream. The father jumped in after her and both were carried down stream and drowned. Neither of the bodies have been recovered.

Mary Claim Exemption.

Columbus, Aug. 6.—This city will experience the same difficulty, due to wholesale exemption claims, in obtaining its quota of men for the selective service army as have other cities. This was the prediction of draft board officials following the first day's activities of Board No. 2. A safe estimate by board officials placed the number of men asking exemption blanks at about eight out of every ten. Out of 150 men summoned, 20 failed to show up.

Three Dead; Two Badly Hurt.
Lancaster, O., Aug. 6.—Three children of Mr. and Mrs. Arthur Gloyd, Edna, Gladys and Dorothy Gloyd, nine, eight and four, respectively, were killed in a gas explosion at the home of a neighbor. Another child, Herbert Hanna, nine, and Frank Flint, twen-

BAKERS CO-OPERATING WITH GOVERNMENT

(By Associated Press Dispatch.)

Columbus, O., August 6.—Reports received from 49 districts in 29 states covering the principal centers of population, in a canvass made by one of the bakery trade papers, shows that he request of Herbert Hoover for the discontinuance of the practice of taking back unsold bread after July 19, has practically the force of the law. In only one or two instances do the reports show difficulty in securing co-operation from the bakers.

In several instances they show that complying with the federal request has stimulated business. Co-operation of newspapers, the report also says, has materially facilitated compliance with Mr. Hoover's request.

States from which reports came are: Alabama, Arkansas, Connecticut, Delaware, Florida, Illinois, Georgia, Indiana, Iowa, Louisiana, Maine, Massachusetts, Michigan, Minnesota, Missouri, New Hampshire, New York, Ohio, Oklahoma, Pennsylvania, South Dakota, South Carolina, Texas, Vermont, Washington, West Virginia and Wisconsin.

DROWNED IN OHIO

(By American Press)

Ironton, O., Aug. 6.—A triple drowning occurred in the Ohio river near here when George Miller, thirty-four, a steel worker of this city, attempted to rescue his wife, Sadie Miller, twenty-eight, and Miss Marie Cook, twenty, and all three were sucked beneath the surface by a whirlpool. The Millers, together with Miss Cook, were bathing on the Kentucky side of the river two miles from here, and the two women got beyond their depth when Mr. Miller made his unsuccessful attempt to save them. The bodies were recovered and brought to this city.

Wooster, O., Aug. 6.—C. D. Pfeiffer, thirty-five, of Ashland, was instantly killed, and J. L. Taylor of Alliance injured, when a motorcycle driven by Taylor overturned near here. Pfeiffer, who was in the side car, sustained a broken neck and fractured skull.

PHYSICIANS MUST REPORT SORE EYES

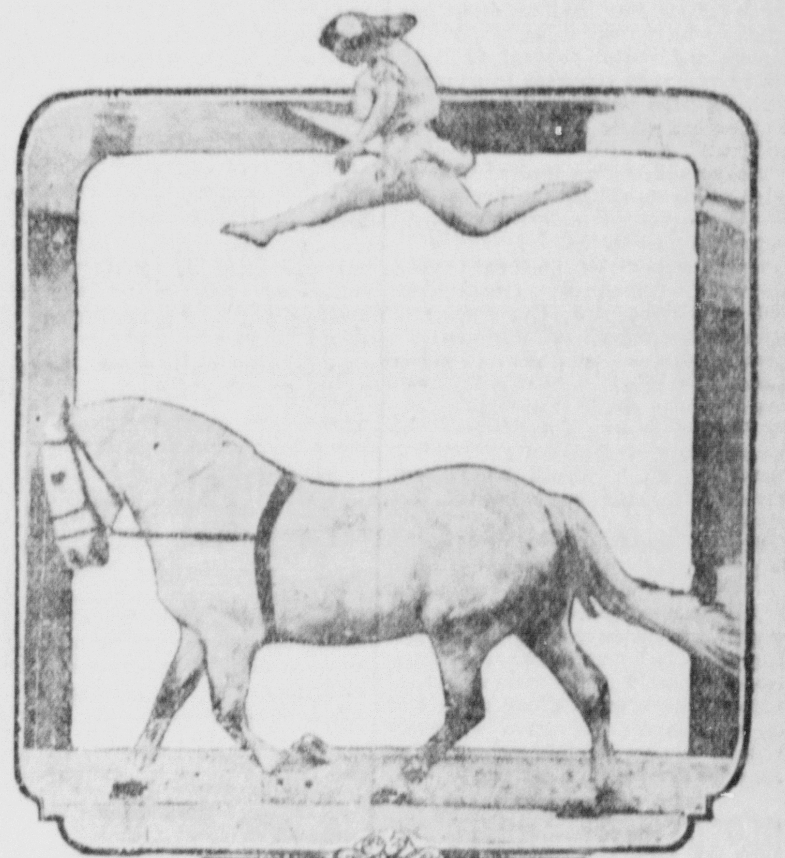

(By Associated Press Dispatch.)

Columbus, O., August 6.—Physicians and others required by law to report cases of sore eyes in babies are liable to face serious charges before their local police judges or other magistrates if they fail to observe this law, the State Department of Health announced.

Two Canton physicians were fined \$50 each recently by Judge Dunn in the local police court and other prosecutions are pending in other sections of the state.

"The law requiring the prompt reporting of cases of inflammation of the eyes of the newborn has been on the statute books two years now," said J. E. Bauman, executive officer of the state department of health, "and there is no longer excuse for any physician in Ohio not being informed as to the provisions of the law."

"Babies' sore eyes is not due to light or 'cold in the eyes,' but to introduction of any one of several pus-producing germs into the eyes of new born infants, and the failure of the

STELLA HOBSON, SOMERSAULT RIDER, HERE TUESDAY, AUGUST 21, WITH SELLS-FLOTO CIRCUS.

doctor or midwife to remove or destroy these germs by use of a prophylactic. It cannot be cured but may be aggravated by the old-fashioned remedy of applying a 'little breast milk' to the eyes.

"Physicians who do not make use of the prophylactic treatment, which is furnished free by the state department of health, or worse yet, do not report a case of sore eyes may be responsible for a child being blind for life. It is for this reason that the new law compelling the prompt reporting of cases that they may receive attention, was enacted."

"It has been estimated that it costs each state annually approximately \$35 for the education and maintenance of a blind child and only \$30 annually for the education of a sighted child. The state of Ohio, therefore, is interested from an economic standpoint as well as from a humanitarian standpoint in preventing blindness among infants."

EXPECT TO RAISE FULL TWO BILLION

(By American Press)

Washington, Aug. 6.—The senate finance committee today reported to the senate the revised war tax bill, designed to raise \$2,000,000,000, according to final official estimates, or about \$135,000,000 more than provided by the house and \$331,900,000 more than the senate committee planned to raise before the new war estimates were submitted to congress.

Leaders look for the bill's passage within a fortnight, estimating another two weeks for conferences with the house will be necessary. They expect the bill to become a law within a month.

Principal changes in the house bill as finally adopted by the committee provide for net increase of income taxes of about \$472,000,000, of war excess profits of \$362,000,000, and on intonants of \$31,000,000.

Although indications are that the senate does not propose to adopt the conference report on the food control bill without extended debate, leaders are hopeful that the measure will be in the president's hands before the end of the week.

Senator Reed of Missouri resumed his attack on the conference report today. He renewed his caustic criticism of Herbert Hoover, prospective food administrator, and deplored action of congress generally and the food bill conference in particular for cringing under the official "lash."

Senator Chamberlain of Oregon, in charge of the bill for the administration, declared the country is demanding immediate action.

Senator Reed protested bitterly against rushing the report through. "There was never a time when calmness was more necessary than in a time of stress," said Mr. Reed. "Sometimes we seem to forget," he continued, "that the things we are doing here are part of the world's history and part of the world's tragedy. If congress shall refuse to do its duty under the constitution," he said, "and transfers to the executive power obligations and duties imposed in it by the people, then congress has broken faith with the people and broken the constitution which the people wrote in blood."

The administration trading with the enemy bill, passed by the house, will be considered today by the senate commerce committee, but action in the senate may be postponed until after the congressional recess planned for September. The commerce committee will seek confirmation this week of Bainbridge Colby of New York as a member of the shipping board. Some opposition is promised by Senator Calder. The bill proposed by Secretary McAdoo for government insurance of American troops sent abroad also may be presented this week.

Further senate discussion of peace is promised. Senator Stone, chairman of the foreign relations committee, said that he expected to deliver this week a speech on the peace situation, but probably would not offer any concrete proposals in the form of a resolution. His address promises to lead to considerable discussion of peace talk in foreign capitals as well as of America's war aims.

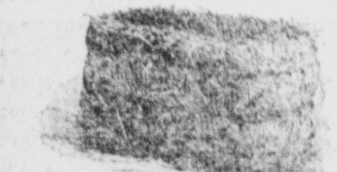

DEPARTMENT AUDITS RED CROSS ACCOUNTS

(By American Press)

Washington, Aug. 6.—In a statement setting forth the finances and other facts concerning the Red Cross, Henry P. Davison, chairman of the war council of the Red Cross, says the accounts of the Red Cross are regularly audited by the war department, and an annual report is made to congress. But it is the purpose of the war council to take the people, day by day, as fully as possible into its confidence. Information as to Red Cross matters will accordingly be made public in great detail.

The war council was appointed by President Wilson on May 10. The period from then until July 1 was largely devoted to the campaign to raise money and to developing an organization to administer the war fund when it had been raised. The campaign for \$100,000,000 resulted in subscriptions of about \$100,000,000, and Red Cross dividends of about \$19,000,000. Plans for returns are not yet available. The total war fund subscriptions paid in on Aug. 1, 1917, amounted to \$30,047,116.13. Disbursements up to that date were \$2,872,588.64.

Hay and Straw

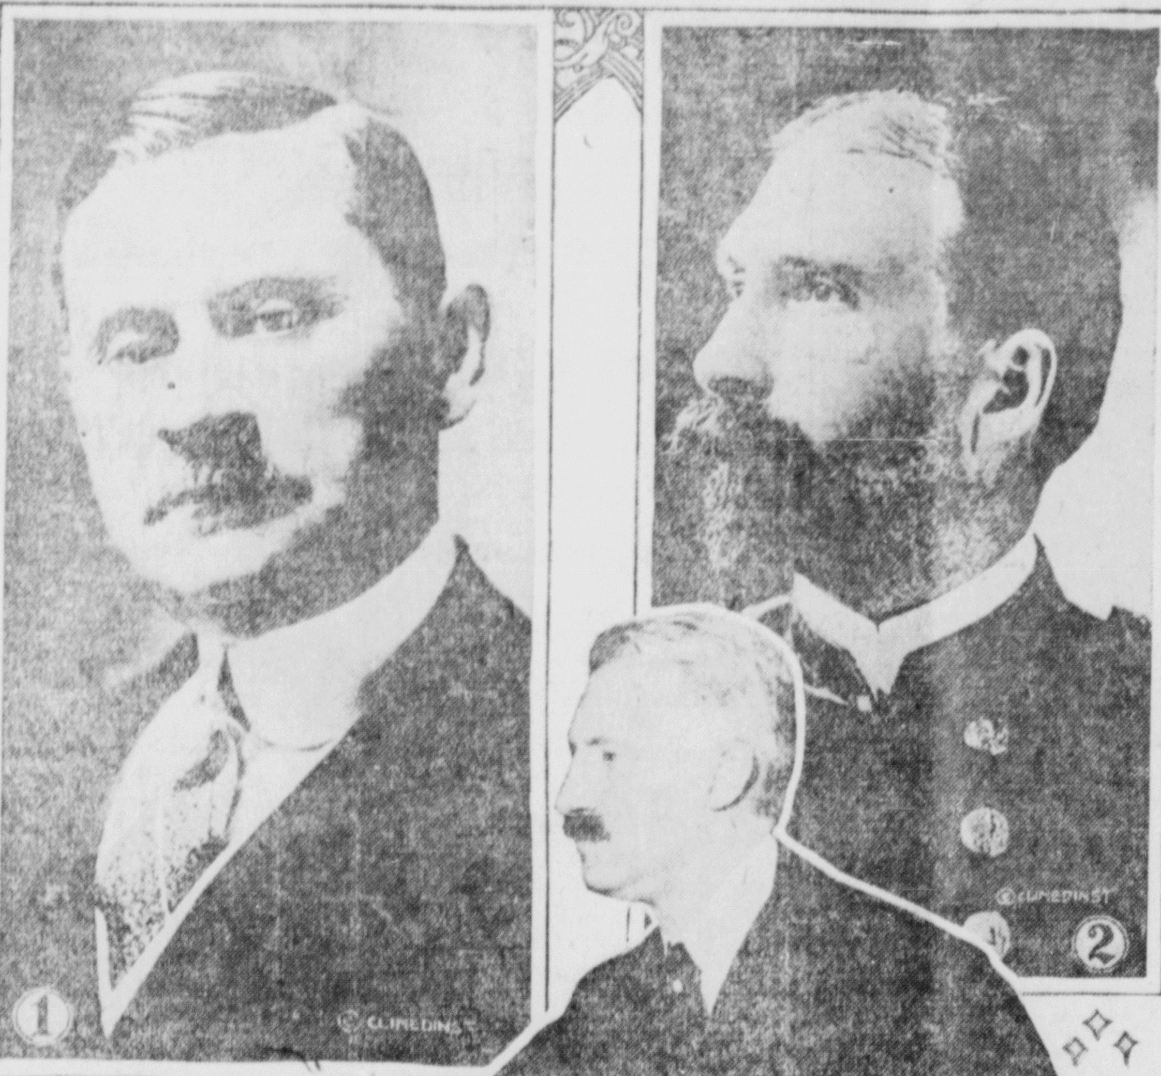

If You Have Any Hay or Straw To Sell It Will Pay You to Call

H. R. RODECKER

Both Phones, Washington C. H., D.

INTRUSTED WITH SHIPBUILDING PLANS

Rear Admiral Washington Lee Capps chosen by President Wilson to succeed General Goethals as general manager of the Emergency Fleet corporation, has won distinction as chief constructor of the navy department and is credited with being largely responsible for the development of the American dreadnaught. The skeleton, or basket, mast was one of his ideas for the improvement of fighting vessels, it is said.

Rear Admiral Capps was born in Portsmouth, Va., in 1864, and graduated from the Naval Academy in 1884. He was appointed assistant naval constructor in 1888 and was promoted to naval constructor in 1895. He was stationed at the Brooklyn navy yard from 1889 to 1892 and with the bureau of construction and repair in Washington from 1892 to 1895. He was on the staff of Admiral Dewey in 1898-99, and from 1901 to 1903 he was head of the construction department of the Brooklyn navy yard.

Edward N. Hurley, who takes the place of William Denman as chairman of the shipping board, is a

"find" of the Wilson administration. He was a prosperous manufacturer and stock raiser, living in Wheaton, Ill., until 1913, when he was appointed to the federal trade commission. He became first vice chairman and then chairman of the commission. Mr. Hurley resigned from the federal trade commission in January of this year on the plea that his private business needed attention, and it was predicted in Washington at the time that the president would summon him to service again before very long. He was born in Galesburg, Ill., on July 31, 1864.

Bainbridge Colby, new member of the shipping board, is a well known New York lawyer, who came prominently before the public as one of the counsel of interests which brought about reforms in the Equitable Life Assurance society following the Hughes investigation in 1905-6. He was a Republican in politics until the Roosevelt bolt in 1912, when he followed the colonel and became one of the founder of the Progressive party. He was born in St. Louis on Dec. 22, 1869.

Washington C. H., the officers of which are offering to the church a building school.

It is called a "School of Methods," and a glance at the program will convince one that it is well named. Some of the best talent to be found in the Young People's work, regardless of denomination, is to be found on the program. Interdenominational in character it is being offered alike to pupils from all churches, the only cost being the registration fee of one dollar which will cover cost of salaries, incidentals, etc.

The beautiful campus will be made as attractive as possible and the young people will be offered clean and proper recreation under a trained athlete. Tennis, ball, croquet and other amusements will be enjoyed during the recreational periods.

Board will be furnished on the ground at one dollar per day, and at Sunday schools are invited to send delegates to this Convention. Grade received here for work done can be applied to Special Courses along any line of Young People's work taken elsewhere.

RAPID HEADWAY IN THRESHING WHEAT

If the weather continues favorable the remainder of this week there will be very little wheat standing in the field in Fayette county, as every machine in the county is busy early and late and the farmers are very anxious to get their wheat threshed without further rains upon it, if they can possibly do so.

The yield this year has invariably passed the highest expectations of the farmers, and as the price continues to top the farmers are greatly pleased with this year's crop, and are making plans to sow a greatly increased acreage next year, providing sufficient fertilizer can be obtained for this purpose.

Straw will be a good price this year also, and many farmers already have disposed of their straw ricks and the balers are busy in some sections, and will soon get busy all over the county, as an unprecedented amount of bedding will be required during the war, and the demand for straw for the manufacture of cardboard is increasing.

They work while you rest—Herald "want ads."

MRS. DE SAULLES STATES CONTENTION

(By American Press)

Alameda, N. Y., Aug. 6.—Mrs. Blanca Errazuriz de Saulles, who is in the county jail here charged with first degree murder for shooting her former husband, John Lonsor de Saulles, was not heeded to millions at the time of her marriage, as was generally believed, but possessed a fortune of only \$150,000, according to a statement made by Henry A. Uterhart, her attorney.

The lawyer declared that the marital difficulties of Mr. and Mrs. de Saulles, which led to a divorce decree for her, began soon after she learned that the vast Chilean fortune she had expected to inherit had been squandered by relatives, and that her wealth was only a fraction of what it had been reputed.

In his statement Uterhart alleged that de Saulles obtained \$47,000 from his wife after their marriage, \$27,000 in cash and \$20,000 in bonds, which he spent. He declared his client had been told by friends that de Saulles borrowed the money with which he went abroad to marry her in Paris. Mrs. de Saulles now is worth only \$63,000, the lawyer said.

Uterhart detailed many incidents which he claimed had caused Mrs. de Saulles to break down in health and spirits. He declined to discuss plans for the defense, nor would he say whether he intends to have his client examined by alienists.

Reverting to the night of the shooting, the attorney declared that when Mrs. de Saulles started in quest of her four-year-old son, who had gone to visit his father, she did not expect to find her former husband at home. Uterhart asserted that Mrs. de Saulles took a revolver with her for protection on her motor ride over lonely roads in the dark and that she had no intention of shooting de Saulles until he refused to return their son to her.

Amsterdam, Aug. 6.—The Holland-America line steamship Noordam struck a mine while bound for Holland and, although badly damaged, reached port under her own steam. The Noordam carried 237 passengers and a crew of 270, a total of 507, all of whom were saved. This is the second time the Noordam has struck a mine. Her cargo is estimated at \$2,000,000.

SAYS TANLAC HAS BROUGHT BACK APPETITE

Never Felt Hungry Before, But He Eats Good Now and Says His Foods Taste a Lot Better.

"Yes, I was surely run down when I started to take Tanlac. My sleep was not sound and didn't rest me much," said Henry Vol, 1138 Dayton street, Cincinnati, Ohio, employe of the Acme Machine Company.

"I usually got up in mornings feeling tired and draggy. I became irritated at the least thing and I didn't want much breakfast.

"When noon came I wouldn't feel hungry and nothing looked good to me. I studied to think of something I could eat and relish, but I couldn't think of a thing.

"Well, in a short time after I started to take Tanlac I was feeling better. My appetite came back and I could eat better and enjoy my food more.

"After a good night's sleep now, I feel almost like a new man in the mornings.

"I am not speaking about Tanlac from hearsay, but from my experience with it. What I say about Tanlac I know to be true because it did the work for me."

If you are run down get Tanlac today. To be weak means to be susceptible to serious health trouble. You can get Tanlac at Blackmer & Tanquary's drug store, Frank Christopher's drug store, or C. S. Haver's drug store.

FEDERAL AID FOR DISEASED CATTLE

By Associated Press Dispatch.

Columbus, O., August 6.—Ohio five stock owners soon will get help of the Bureau of Animal Industry of the United States government in the fight against tuberculosis in cattle herds.

A bureau is to be established in Indianapolis as a center for work in Ohio, Indiana, Michigan, Wisconsin, and Kentucky and officers will work with state veterinarians of each of these states.

In asking if Ohio would co-operate it was stated that tests of the kind of work that is to be done in this district, made in the District of Columbia showed that where 18 per cent of the cattle in the district were infected in 1909, only 1.10 per cent now is infected.

The branches of work first to be undertaken are divided as follows: (1) Tuberculosis eradication among pure bred herds. (2) Tuberculosis eradication among swine. (3) Tuberculosis eradication in circumscribed districts.

The plan has been given hearty approval by the Ohio department of agriculture, veterinarian division, which has waged war against animal tuberculosis for several years.

Interstate shipment of cattle not "approved" is prohibited and the assistance of the government in testing will be of great help to owners of herds in Ohio who hope to or can find markets outside the state, especially for fine breeding stock.
